

# Todd Whittaker Drywall Inc. (TWD) Announces Plans for Expansion

*PEORIA, August 26, 2014*

The 3<sup>rd</sup> quarter of 2014 brings about an uplifting feeling in the housing market. Home prices remain solid and are expected to slowly continue rising enabling homeowners to get financing options for equity loans. Many homeowners were able to withstand the downturn by staying in their home and saving pennies in hopes of brighter more secure days ahead, and those days are now upon us. Families are finally feeling comfortable putting money back into their homes to support their growth and needs. Reports from the NAHB (National Association of Home Builders) show a 3.8% increase in remodel spending for 2014 and projects another 2.4% rise next year. New home construction expects to show positive growth as well, thus also assisting in the remodeling market as many buyers move in with a list of projects they anticipate to start on.

With momentum building in the housing market, Todd Whittaker Drywall Inc. (TWD) is one company that has not only been able to withstand through the past downturn of the market, but has been able to demonstrate that significant growth in this marketplace is attainable.

Today, TWD announces plans for expansion. In 2013 when other companies were stagnant, TWD designed and built a gorgeous full home remodeling showroom to bring style and convenience to the remodeling industry in the West Valley. Now taking it one step further, their plan for development will be intensifying the entire remodeling experience by showcasing more design elements, additional material selections, fully functional concepts and beautiful home décor options for their clientele. Plans indicate an aggressive completion date of November 2014.
